

*A Heartfelt Wish  
Come True*

## **Callie Explores Atlantis**

*Your generosity helped 13-year-old Callie's wish come true!*

A creative teen, Callie loves arts and crafts. She is fascinated by colors and shapes, and painting is one of her favorite pastimes. She enjoys listening to pop music, especially Katy Perry and Selena Gomez.

Callie often wishes she could spend more time on the things she loves and less time at medical appointments. She has acute lymphoblastic leukemia, and her illness and her treatment schedule can often leave her feeling like there is little she can control. A wish was the perfect opportunity for Callie to be in charge, and she wished to go to Atlantis Resort!

Callie and her family soon set off for the Bahamas and settled into their accommodations amidst the lush landscape. The resort offered an array of activities, including the opportunity to swim with dolphins as well as snorkeling and exploring underwater sea life. Callie relaxed on the beach and swam in the turquoise blue water. And she was thrilled to ride giant slides in the resort's waterpark.

Callie is so grateful that she and her family shared this extraordinary adventure. Thanks to your support, she has many colorful memories from her wish that continue to brighten each day. Drawing upon these memories helps her to feel strong and hopeful as she bravely faces her medical treatments.

*Thank you*
